Sommario/riassunto	Whilst the world's poor are clearly hit hardest by climate change impacts, so too do they hold many of the solutions for how best to cope with its impacts, and at times reduce greenhouse gas emissions to zero. Climate Change and Human Development offers a rich compendium of real-life scenarios and brings home the realities of how poor people are suffering from and coping with climate change impacts today. Drawing on case studies gathered by Up in Smoke - a powerful coalition of global environment and development organizations, including Greenpeace, Oxfam, Practical Action and WWF - this book p
