Sommario/riassunto	The fascinating book is designed as a concise introductory guide to animal behaviour. It provides a window onto discoveries about the behaviour of animals, made by those who are prepared to stop and watch. The book provides a balanced and integrated treatment of the entire field of animal behaviour. This book is intelligible to the educated layman but it deals with some complex ideas. It is an adequate text for all requirements in this area for most under graduate. The book uses up-to-date examples to show how precise hypotheses may be formulated and tested experimentally. Special efforts have
