Sommario/riassunto	How teachers form and maintain classroom and staffroom relationships is crucial to the success of their work. A teacher who is able to

accurately interpret the underlying relationship processes can learn to proactively, rather than reactively, influence the dynamics of any class. These are skills that can be taught. This invaluable text explains how adult attachment theory offers new ways to examine professional teaching relationships, classroom management and collegial harmony: equally important information for school leaders, teacher mentors and proteges. Attachment Theor
