Sommario/riassunto	The medieval monster is a slippery construct, and its referents include a range of religious, racial, and corporeal aberrations. In this study, Miller argues that one incarnation of monstrosity in the Middle Ages—the female body—exists in special relation to medieval teratology insofar as it resists the customary marginalization that defined most other monstrous groups in the Middle Ages. Though medieval maps located the monstrous races on the distant margins of the civilized world, the monstrous female body took the form of mother, sister, wife, and daughter. It was, therefore, pervasive,
