

1. Record Nr.	UNINA9910458936203321
Autore	Wood Roger M
Titolo	Optical materials [[electronic resource] /] / Roger M. Wood
Pubbl/distr/stampa	London, : Institute of Materials, 1993
ISBN	1-907747-32-X
Descrizione fisica	1 online resource (140 p.)
Collana	Book ; ; 533
Disciplina	620.11295 621.366
Soggetti	Optical materials Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; List of Symbols; Introduction; Molecular and Crystal Structure; Physical Properties; Optical Properties of Linear Materials; Optically Non-Linear Material; Laser Materials; Detector Materials; Fibre/Integrated Optics; Liquid Crystals; Power Handling Capability of Optical Materials; References; Index
Sommario/riassunto	Introduction; molecular and crystal structure; physical properties; optical properties of linear materials; optically non-linear materials; laser materials; detector materials; fibre / integrated optics; liquid crystals; power handling capability of optical materials
