Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	1. Conceptual dimensions -- 2. Psychological & social factors -- 3. New perspectives.
Sommario/riassunto	The editors of this edition of 'Behavioural Dynamics: Research Insights' have brought together a distinguished team of contribution from a variety of behavioural research backgrounds. Research-based contributions, though widely differing in their origins, all derive from actual academic studies. This book offers an array of information and practical guidance to academic researchers, higher educational students in social and behavioural sciences, parents, counselors and managerial personnel concerned with understanding multiple issues involved in human behaviour of contemporary significance.
