Inter-Organisational Relationships-The Institutional Theory Perspective; 14 Accounting in Networks-The Next Step; Contributors; Author Index; Subject Index

Accounting in Networks is the first book that in a comprehensive way covers the emerging issue of accounting and control in horizontal relations across legally independent organizations. During the last 20 years, organisations have shown an increased interest in collaborations that cross company boundaries. New organisational forms, such as alliances, partnerships, joint ventures, outsourcing and networks have received increased attention. This development has pushed management accounting researchers into examining the lateral effects of accounting. This book examines these lateral
