Sommario/riassunto	What is the role of narrative in how people learn throughout their lives? Are there different patterns and forms of narrativity? How do they influence learning?Based on data gathered for the Learning Lives project, which sought to understand learning by questioning individuals about their life stories, this book seeks to define a new learning theory which focuses on the role of narrative and narration in learning. Through a number of detailed case-studies based on longitudinal interviews conducted over three and four-year periods with a wide range of life story informa
