On political violenceConclusion: Applying historical lessons to current and future pursuits for justice in the United States; References; Index
Sommario/riassunto	Within Westernized societies, particularly the United States, there has been a near-universal acceptance that nonviolent action has been the foundation on which the progress and/or success of political and social justice movements have been built. Yet, contrary to popular belief, political violence has played a crucial role in advancing historic justice struggles. This breakthrough study examines the historic roles that both nonviolence and political violence have played in international social and political movements. The profound and well-researched
