Sommario/riassunto	Noting that science fiction is characterized by an investment in the proliferation of racial difference, Isiah Lavender III argues that racial alterity is fundamental to the genre's narrative strategy. Race in American Science Fiction offers a systematic classification of ways that race appears and how it is silenced in science fiction, while developing a critical vocabulary designed to focus attention on often-overlooked racial implications. These focused readings of science fiction contextualize race

2. Record Nr.	UNISA996384243403316
