Sommario/riassunto	HauptbeschreibungRaising global competition, increasing customer demand, requests to deliver just-in-time, and an increasing pressure to cut costs are only a few examples to express the need for more flexibility, speed and agility of organizations. Companies in different industry segments can achieve this requirement by flexible organizational structures, a knowledgeable and motivated workforce, and the application of technology and communication media. In this context the composition of teams plays an important role because it has proven to be a fast and comprehensive way to solve
