Sommario/riassunto	Coaching Women to Lead asks why, in the 21st century, there is still

such a disparity in the number of women filling leadership roles, compared with men. It argues that a specific coaching approach for women is not only possible but required to support women throughout their corporate career. In this book you will find: How to build a robust business case for coaching women Which areas of coaching are the most useful at which career stage An academic survey to discover what women need to succeed In-depth interviews with women role mod
