

1. Record Nr.	UNINA9910459126303321
Titolo	Polyphenols in human health and disease . Volume 1 // edited by Ronald R. Watson, Victor R. Preedy, Sherma Zibadi
Pubbl/distr/stampa	Amsterdam, [Netherlands] : , : Academic Press, , 2014 ©2014
ISBN	1-306-18228-X 0-12-398467-X
Descrizione fisica	1 online resource (1504 p.)
Disciplina	613.286
Soggetti	Polyphenols - Physiological effect Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	e9780123984678v1; Front Cover; Polyphenols in Human Health and Disease; Copyright Page; Contents; About the Editors; List of Contributors; Preface; Acknowledgments; Volume 1: Polyphenols in Chronic Diseases and their Mechanisms of Action; 1 Overview of Polyphenols and Health; 1 Polyphenols in Foods and Dietary Supplements: Role in Veterinary Medicine and Animal Health; 1 Animal Models and Potential Medicinal Uses of Polyphenols; 1.1 Anti-Inflammatory Effects of Polyphenols in Rats; 1.2 Analgesic Effects of Polyphenols in Rats; 2 Companion Animals; 2.1 Cats: Obesity as Modified by Polyphenols 2.2 Dogs: Gene Expression as Modified by Polyphenol Extracts 3 Produce Animals; 3.1 Swine: Effects of Polyphenols on the Immune System; 3.2 Cattle: Supplementing Cattle Feed with Pomegranate Peel; 4 Conclusion; Key Points; References; 2 Polyphenols and Public Health; 1 Introduction; 2 Polyphenol Content and Sources: Role in Health and Nutrition; 2.1 Polyphenols in Foods; 2.2 Polyphenols in Beverages; 3 Epidemiology of Polyphenols; 3.1 Polyphenols in Selected Cohort Studies; 3.2 Polyphenols in Selected Case-Control Studies; 3.3 Polyphenols in Selected Intervention Studies 3.4 Future Epidemiologic Research on Polyphenols 4 Application of Polyphenols in Health Promotion; 4.1 Polyphenols in Primary

Prevention; 4.2 Polyphenols in Secondary Prevention; 4.3 Polyphenols in Tertiary Prevention; 4.4 Future Application of Polyphenols to Health Promotion; 5 Governmental Regulations: Dietary Reference Intake; 5.1 Governmental Regulations: Dietary Supplements; References; 3 The History of Islamic Medicine at a Glance; 1 Introduction; 2 History of Islamic Medicine in the East Section of the Geographic Extent of the Islamic Civilization

2.1 Some of the Great Physicians of Islamic Civilization before the Mongol Invasion2.2 Other Renowned Physicians of Islamic Civilization before the Mongol Invasion Whose Name and Works Will Only be Mentioned; 2.3 Some of the Great Physicians of the Post-Mongolian Era; 2.4 Some of the Great Physicians Who Emerged in the Islamic World during the Timurid Era; 2.5 Some of the Great Physicians Who Emerged During the Safavid Era; 2.6 Some of the Great Physicians Who Emerged in the Islamic Countries in the Afsharid Era

3 History of Islamic Medicine in the West Section of the Geographic Extent of the Islamic Civilization3.1 Great Physicians of the Fourth Century; 3.2 Great Physicians of the Fifth Century; 3.3 Great Physicians of the Sixth Century; 3.4 Great Physicians of the Seventh Century; 3.5 Great Physicians of the Eighth Century; 3.6 Great Physicians of the Ninth Century; 3.7 Great Physicians of the Eleventh Century; 4 History of the Hospitals in the Islamic Civilization; Acknowledgments; References

4 Polyphenols and Their Formulations: Different Strategies to Overcome the Drawbacks Associated with Their Poor Stability a...

Sommario/riassunto

Polyphenols in Human Health and Disease documents antioxidant actions of polyphenols in protection of cells and cell organelles, critical for understanding their health-promoting actions to help the dietary supplement industry. The book begins by describing the fundamentals of absorption, metabolism and bioavailability of polyphenols, as well as the effect of microbes on polyphenol structure and function and toxicity. It then examines the role of polyphenols in the treatment of chronic disease, including vascular and cardiac health, obesity and diabetes therapy, cancer treatment and
