Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. Introduction -- pt. 2. Early development and its disturbances -- pt. 3. Psychoanalytic research : hopes, views, controversial discussion.
Sommario/riassunto	In this volume internationally well known experts discuss whether psychoanalysis - with its rich mix of clinical experiences and conceptualizations of early development and symptoms - has something unique to offer through deepening the understanding of children suffering from this and similar developmental disturbances. The contributors consider therapeutic strategies as well as possibilities of early prevention. Surprisingly, psychoanalysts have only during the past few years actively engaged in the on-going and very important controversial discussions on attention deficit hyperactivity disord
