-- Room for thought -- Caduceus -- Dr. Futurity -- Jump -- Still -- A
wake -- Spatwerk -- Let the dead be -- Play bally -- Das hund.

Sommario/riassunto

For years, noted writer Laurence A. Rickels often found himself compared to novelist Philip K. Dick-though in fact Rickels had never read any of the science fiction writer's work. When he finally read his first Philip K. Dick novel, while researching for his recent book *The Devil Notebooks*, it prompted a prolonged immersion in Dick's writing as well as a recognition of Rickels's own long-documented intellectual pursuits. The result of this engagement is *I Think I Am: Philip K. Dick*, a profound thought experiment that charts the wide relevance of the pulp sci-fi author and paranoid visionary.
