Sommario/riassunto	Plagiarism has long been regarded with concern by the university community as a serious act of wrongdoing threatening core academic values. There has been a perceived increase in plagiarism over recent years, due in part to issues raised by the new media, a diverse student population and the rise in English as a lingua franca. This book examines plagiarism, the inappropriate relationship between a text and its sources, from a linguistic perspective. Diane Pecorari looks at processes of first and second language writers; interplay between

reading and writing; writer's identity and voice; and th
