Sommario/riassunto	Deficit thinking is a pseudoscience founded on racial and class bias. It ""blames the victim"" for school failure instead of examining how schools are structured to prevent poor students and students of color from learning. Dismantling Contemporary Deficit Thinking provides comprehensive critiques and anti-deficit thinking alternatives to this

oppressive theory by framing the linkages between prevailing
theoretical perspectives and contemporary practices within the complex
historical development of deficit thinking. Dismantling Contemporary
Deficit Thinking ex
