Sommario/riassunto	Before the modernist transformations of the twentieth century, China had one of the richest and most diverse religious cultures in the world. The radical anti-traditionalist policies of both the Republican and Communist regimes as well as other socio-historical factors posed formidable challenges to China's religious traditions but, this book argues, these conditions also presented new opportunities for re-

generation and innovation. It shows that economic reforms and the concurrent relaxation of religious policies have provided fertile ground for the revitalization of a wide a
