Sommario/riassunto	German Grammar in Context takes key areas of German grammar and studies each within the context of an authentic text. Each chapter deals with a specific element of grammar which is highlighted in the text so that attention is drawn specifically to it. The reader is then given the opportunity to test understanding with a series of exercises.

Hormonal Space; The sea inside the body; Pituitary gland Meditation: finding your pituitary

Sommario/riassunto

An introduction to an innovative form of meditation through deep felt connection with body structure and physiology. The book provides a series of exercises to attain felt sense awareness, helping practitioners tune in to their physical body and reach the meditative states of bliss, energy and trauma resolution.
