Nota di contenuto	Title page; Contents; List of tables; List of figures; List of abbreviations; Preface; Introduction; Perspectives on the gap between social and market renting; England; Flanders, Belgium; France; Germany; Ireland; The Netherlands; Conclusion; References; Index
Sommario/riassunto	The once clear demarcation of funding and roles of the social and market rental sectors seems to have become blurred in a number of European countries. Social renting is no longer provided only by non-profit organizations. This title conveys who provides what in rental housing, relevant government policies and outcomes achieved.
