Sommario/riassunto	What exactly is an independent scientist and what threatens their independence? What role do cultural dependencies play within assessments? This title offers a collection of papers delivered at the NATO Advanced Research Workshop, which examined the role of

independent scientists in assessing WMD threat, by addressing these questions.

2. Record Nr.	UNINA9910557749303321
Autore	Hut Rolf
Titolo	MacGyver in Geosciences
Pubbl/distr/stampa	Frontiers Media SA, 2020
Descrizione fisica	1 online resource (143 p.)
Soggetti	Physical geography & topography Science: general issues
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	This eBook is a collection of articles from a Frontiers Research Topic. Frontiers Research Topics are very popular trademarks of the Frontiers Journals Series: they are collections of at least ten articles, all centered on a particular subject. With their unique mix of varied contributions from Original Research to Review Articles, Frontiers Research Topics unify the most influential researchers, the latest key findings and historical advances in a hot research area! Find out more on how to host your own Frontiers Research Topic or contribute to one as an author by contacting the Frontiers Editorial Office: <a href="https://frontiersin.org/about/contact">frontiersin.org/about/contact</a>
