Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	Frontmatter -- Contents -- Acknowledgments -- Introduction -- Part One: Fiction and Empire -- Chapter 1: Metamorphosis and Fiction -- Chapter 2: Wavering Identity -- Part Two: Spectacle -- Chapter 3: Homo Spectator: Sacrifice and the Making of Man -- Chapter 4: Poets in the Arena -- Chapter 5: Philomela Again? -- Part Three: Ovid and the Visual Arts -- Chapter 6: Faith in Images -- Chapter 7: "Songs the Greater Image" -- Conclusion -- References -- Index of Passages Cited -- General Index
Sommario/riassunto	This book offers a novel interpretation of politics and identity in Ovid's epic poem of transformations, the Metamorphoses. Reexamining the emphatically fictional character of the poem, Playing Gods argues that Ovid uses the problem of fiction in the text to redefine the power of poetry in Augustan Rome. The book also provides the fullest account yet of how the poem relates to the range of cultural phenomena that defined and projected Augustan authority, including spectacle, theater, and the visual arts. Andrew Feldherr argues that a key to the political as well as literary power of the Metamorphoses is the way it manipulates its readers' awareness that its stories cannot possibly be true. By continually juxtaposing the imaginary and the real, Ovid shows how a

poem made up of fictions can and cannot acquire the authority and presence of other discursive forms. One important way that the poem does this is through narratives that create a "double vision" by casting characters as both mythical figures and enduring presences in the physical landscapes of its readers. This narrative device creates the kind of tensions between identification and distance that Augustan Romans would have felt when experiencing imperial spectacle and other contemporary cultural forms. Full of original interpretations, *Playing Gods* constructs a model for political readings of fiction that will be useful not only to classicists but to literary theorists and cultural historians in other fields.
