15 Learning lessons from Ireland's economic development; Index

Sommario/riassunto

For a country that can boast a distinguished tradition of political economy from Sir William Petty through Swift, Berkeley, Hutcheson, Burke and Cantillon through to that of Longfield, Cairnes, Bastable, Edgeworth, Geary and Gorman, it is surprising that no systematic study of Irish political economy has been undertaken. In this book the contributors redress this glaring omission in the history of political economy, for the first time providing an overview of developments in Irish political economy from the seventeenth to the twentieth century. Logistically this is achieved through t
