Healy, "Creation, Predestination and Divine Providence" -- 4) PROVIDENCE, POLITICS, ETHICS -- Stephen Webb, "From Prudentius to President Bush: Providence, Empire, and Paranoia" -- Charles Mathewes, "Providence and Political Discernment" -- John Swinton, "Patience and Lament: Living Faithfully in the Presence of

Suffering" -- Hans S. Reinders, "Why This? Why Me? A Theological Reflection on Ethics and Providence" -- Philip Ziegler, "The Uses of Providence in Public Theology" -- AFTERWARD -- David Fergusson, Epilogue --

Sommario/riassunto

"This text comprises a comprehensive analysis of the doctrine of providence, from historical, philosophical-theological, systematic and practical perspectives. The essays in this book discuss the doctrine of providence from four central angles. First, three chapters give an historical introduction to the modern interpretation of the notion of providence, examining how it was progressively naturalised and secularized in modern times. Second, over seven chapters, and from different perspectives, the book restates the Christian notion of providence in relation to the problem of evil and the theory of evolution. Third, in two chapters, the book exhibits providence as a core theme in systematic theology. Finally, over three chapters, the book shows the ethical and political relevance of the doctrine of providence today."--Bloomsbury Publishing

This text comprises a comprehensive analysis of the doctrine of providence, from historical, philosophical-theological, systematic and practical perspectives. The essays in this book discuss the doctrine of providence from four central angles. First, three chapters give an historical introduction to the modern interpretation of the notion of providence, examining how it was progressively naturalised and secularized in modern times. Second, over seven chapters, and from different perspectives, the book restates the Christian notion of providence in relation to the problem of evil and the theory of evolution. Third, in two chapters, the book exhibits providence as a core theme in systematic theology. Finally, over three chapters, the book shows the ethical and political relevance of the doctrine of providence today.
