Sommario/riassunto	First published in 1985, Theories of Modern Capitalism provides a succinct study of Marxist and non-Marxist theories of Capitalism, its recent development, and the prospects of a transition to socialism. The study begins with a critical examination and comparison of four major theories of capitalism, in the works of Marx, Weber, Schumpeter and Hayek. This is followed by an analysis of the most recent phase of capitalism which has been conceptualised by Marxists thinkers in various ways as 'organised capitalism', 'state monopoly', or 'late capitalism'. Finally, Bottomore considers the question
