Sommario/riassunto	Learning how to be critical and how to think for oneself are vital elements of becoming an independent learner. Critical thinking could be thought of as a tool box of skills which enables us to think more deeply, clearly and logically about our beliefs; providing a platform for making sound and valid decisions. Not only will this book help you to develop your students, but it will also further develop your own critical thinking. Each chapter contains an illustrative story to help apply the abstract ideas, such as rational thought and moral and ethical reflection, to concrete, everyday situatio
