Sommario/riassunto	The Aid Triangle focuses on the human dynamics of international aid and illustrates how the aid system incorporates power relationships, and therefore relationships of dominance. Using the concept of a triangle of dominance, justice and identity, this timely work explains how the experience of injustice is both a challenge and a stimulus to personal, community and national identity, and how such identities underlie the human potential that international aid should seek to enrich. This insightful new critique provides for the reader an innovative and constructive framework for producing more em
