Sommario/riassunto	provides an excellent synopsis of a range of different aspects of student learning ... a thorough and thought-provoking book ...' TES. 'If I had to choose just one book to teach best practice for learning across the curriculum, then Getting the Buggers to Learn would be a hot contender. It is also an excellent resource for any thinking skills programme ... I wish I had had access to this book when I developed a research model for students at my school ... The book is clearly structured and sequenced [and] it is easy to navigate your way round

and find information quickly ... Don't walk, run to you
