The promotion of the rule of law has become an increasingly important element of peacekeeping and peacebuilding operations, particularly in Africa, where there have been numerous internal armed conflicts and missions over the last decade.² This book explores the expanding international efforts to promote rule of law in countries emerging from violent conflict. With a focus on Africa, the authors critically examines the impact of these activities in relation to liberal peacebuilding, rule of law institutions, and the range of non-state providers of justice and security. They al
