Sommario/riassunto	Values in Higher Education Teaching explores the way in which teaching, research, learning and higher education are a values enterprise and that an exploration of values is necessary to work out the full purposes of a higher education to guide practices and help academics understand academic work. Values inform thinking and actions and although this is well recognized, values are seldom brought to the forefront of inquiries as practices in higher education are developed. This book argues that by putting values firmly on the agenda of those who teach, work and learn in higher education
