Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	pt. 1. Theoretical relations -- pt. 2. Themes and issues -- pt. 3. Modes and areas.
Sommario/riassunto	This volume examines how the institutional environment affects entrepreneurial organizations, and vice-versa. This approach to entrepreneurship shifts attention away from an individual perspective and looks at how institutions shape entrepreneurial opportunities and actions. Empirical contexts range from satellite radio to film to nuclear power.
