Sommario/riassunto	The urban population is becoming increasingly diverse and growing (ethnic) diversity is having a singular effect on nightlife in Dutch cities. By studying the motivation behind and nightlife choices of the young people who participate in ethno-party scenes, Boogaarts-de Bruin investigates how the changing urban population affects the supply side of the nightlife market using an analytical model she has developed and which she calls the model of structured choice. This approach is sensitive to the flexible use of the processes of agency and structure due to the systematic distinction that it ma
