Sommario/riassunto	Keith Payne begins by asking, ""Did we really learn how to deter predictably and reliably during the Cold War?"" He answers cautiously in the negative, pointing out that we know only that our policies toward the Soviet Union did not fail. What we can be more certain of, in Payne's view, is that such policies will almost assuredly fail in the Second Nuclear Age -- a period in which direct nuclear threat between superpowers has been replaced by threats posed by regional ""rogue"" powers newly armed with chemical, biological, or nuclear weapons.The fundamental problem with deterrence theory is th

Sommario/riassunto	In order to safely navigate Europe's major waterway routes, all boaters need to know CEVNI - the Waterway Code - whose rules, signs, symbols and signals are understood and used by bargemasters and working vessels of all nationalities. This book has been written especially for pleasure craft users, setting out the rules in an easy-to-follow handy pocket-book format. It covers waterway signs, signals,

flags and lights, markings on vessels, procedures in tunnels, locks and weirs, overtaking rules, berthing, and explains buoyage and landmarks - and for this 3rd edition there is a handy Quick Refer
