Sommario/riassunto	The community in which children are nursed; the family, should by all means be a safe haven. However, it is not. People in family relations are more likely to be threatened, hit, kicked, raped or beaten up. Such violence in the domestic circle conjures up a lot of questions. The authors have been engaged with this problematical issue for years and

are now trying to make the dynamics of violence within the family more comprehensive. This book is a reflection of on their dialogue.
