Sommario/riassunto

Life Scripts: A Transactional Analysis of Unconscious Relational Patterns is an exciting collection of contemporary writings on Life Script theory and psychotherapeutic methods. Each chapter describes an evolution of Eric Berne's original theory and brings together a stimulating range of international perspectives, theoretical positions, clinical experiences and psychotherapy practices, as well as a psychotherapy story that illustrates the theory. The concept of Life Scripts has frequently been associated with the determinism represented in theoretical scripts, yet, this book offers some new a
