Sommario/riassunto	Cornelius Castoriadis (1922-1997) was a philosopher, social critic, political activist, practicing psychoanalyst and professional economist. His work is widely recognized as one of the most singular and important contributions to twentieth-century thought. In this collection of interviews, Castoriadis discusses some of his most important ideas with leading figures in the disciplines that play such a crucial part in his philosophical work: poetry, psychoanalysis, biology and mathematics. Available in English for the first time, these interviews provide a concise and accessible introduction to h
