Sommario/riassunto	This book has been designed according to the syllabus of Bangalore University. Each unit of syllabus has been presented to the students and the teachers in a lucid and simple manner. The objective of this book is to serve as a text book for courses in Research Methodology in social sciences and also to serve as a hand book for research scholars. The book is organised in six chapters. Each chapter takes the reader to the detailed study of the contents. At the end of the book skill development exercises are also presented. This would definitely takes the students community to get an insight into
