The grammaticalization of the prepositional partitive in Romance / Carlier, Anne / Lamiroy, Béatrice -- VI Oceanic languages -- 15. Partitives in Oceanic languages / Budd, Peter -- Subject index -- Author index

Sommario/riassunto

Argument-marking, morphological partitives have been the topic of language specific studies, while no cross-linguistic or typological analyses have been conducted. Since individual partitives of different languages have been studied, there exists a basis for a more cross-linguistic approach. The purpose of this book is to fill the gap and to bring together research on partitives in different languages.
