Sommario/riassunto

<P>Drawing on the expertise of Chinese and Western academics and practitioners, the contributors to this volume aim to advance the understanding of philanthropy for health in China in the 20th century and to identify future challenges and opportunities. Considering government, NGO leaders, domestic philanthropists, and foreign foundations, the volume examines the historical roots and distinct stages of philanthropy and charity in China, the health challenges philanthropy must address, and the role of the Chinese government, including its support for Government Organized Non-Governmental Organ
