| Sommario/riassunto | New updated editionThis book will change the way you think about your country...Australians now officially have the best living conditions in the world. Our country is both fair and free - and the only developed nation to have avoided a recession in the past twenty years. So how did it happen and why don't we care?In The Sweet Spot Peter Hartcher takes readers on a vastly entertaining and thought-provoking tour through Australian politics and history. He shows how a convict colony could have become a banana republic but didn't, how Australia came through the global financial crisis - it wasn't j |
