Conclusion: Concepts of War through Comic Books; Appendix: The Comics Code; Notes; Bibliography; Index; The Author
Sommario/riassunto	"The comic book, which emerged in its modern form in the 1930s, was initially a form of simple, visual entertainment that gave readers, especially children, a form of escape from daily life. However, as World War II began, comic books evolved into a form of propaganda,

providing information and education for both children and adults. Comics and Conflict examines how comic books were used to display patriotism, valor and adventure through war stories, and eventually to tell of the horrors of combat from World War II through the current conflicts in Iraq and Afghanistan"--

Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Contents; Preface; Acknowledgments; Chapter 1: Salvadoran Transnational Families; Chapter 2: Why Parents Migrate; Chapter 3: Journeys and Initial Settlement; Chapter 4: The Structure of Trauma through Separation; Chapter 5: Gendered Opportunities, Expectations, and Well-Being; Chapter 6: How Children Fare; Chapter 7: The Consequences of Long-Term Family Separation; Chapter 8: ¿Valio la pena? Is Family Separation Worth It?; Reference Matter; Appendix; Notes; References; Index
Sommario/riassunto	Widening global inequalities make it difficult for parents in developing nations to provide for their children, and both mothers and fathers

often find that migration in search of higher wages is their only hope. Their dreams are straightforward: with more money, they can improve their children's lives. But the reality of their experiences is often harsh, and structural barriers-particularly those rooted in immigration policies and gender inequities-prevent many from reaching their economic goals. *Sacrificing Families* offers a first-hand look at Salvadoran transnational fam

**Sommario/riassunto**

Awareness of food safety and its economic significance has never been higher after public alarm following the BSE crisis and the Foot-and-Mouth outbreak. This classic text is an essential handbook for all persons involved in meat inspection and the meat industry seeking information on the latest diseases and parasites. Now in its seventh edition, it has been revised to reflect the latest knowledge of BSE, Foot-and-Mouth and TB. Information on specific diseases, parasites and physiological processes has been updated and the latest legislation included. As well as this, a new chapter on i
