Gendering New Institutionalism; Part IV. Conclusion; 11. The New Politics of State Feminism; Notes Glossary References; Index
Sommario/riassunto	The Politics of State Feminism addresses essential questions of women's movement activism and political change in western democracies. The authors-top gender and politics scholars-provide a comparative analysis of the effectiveness of government agencies and women's movements regarding women's policy issues-if, how, and why they form a kind of state feminism. The central research questions are

examined across five issue areas in thirteen postindustrial democracies  
in Europe and North America from the 1960's through the early 2000's.  
The authors explore a range of topics..
