| 1. Record Nr. | UNINA9910459942603321 |
| Autore | Beltz Lisa A. <1960-> |
| Titolo | Emerging infectious diseases [[electronic resource]] : a guide to diseases, causative agents, and surveillance / / Lisa A. Beltz |
| Pubbl/distr/stampa | San Francisco, Calif., : Jossey-Bass, 2011 |
| ISBN | 1-118-00159-1 1-283-05240-7 9786613052407 1-118-00157-5 |
| Edizione | [1st ed.] |
| Descrizione fisica | 1 online resource (754 p.) |
| Collana | Public health/epidemiology and biostatistics ; ; 10 |
| Disciplina | 362.196/9 |
| Soggetti | Emerging infectious diseases Electronic books. |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Description based upon print version of record. |
| Nota di bibliografia | Includes bibliographical references and index. |
| Nota di contenuto | pt. 1. Introduction to emerging infectious diseases -- pt. 2. Bacterial infections -- pt. 3. Viral infections -- pt. 4. Parasitic infections -- pt. 5. Infectious proteins -- pt. 6. Special issues in infectious diseases. |
| Sommario/riassunto | "This important resource offers a comprehensive introduction to emerging and reemerging infectious disease, including the underlying mechanisms of microbial emergence, the technology used to detect them and the strategies available to contain them. The author describes the diseases and their causative agents that are major factors in the health of populations the world over. One of the main features of the book is its broad coverage of 25 different emerging infectious diseases, most of which are directly important to those practicing health in the U. S. The book is designed for students in epidemiology, global health, and biology"-- |
