Sommario/riassunto

In 2009 it was ten years since the adoption of the Second Protocol to the 1954 Hague Convention for the Protection of Cultural Property in the Event of an Armed Conflict. To celebrate this anniversary, a variety of contributions, focussing on the legal and cultural aspects of the Protocol are presented by Van Woudenberg and Lijnzaad. The innovative aspects of the Second Protocol such as enhanced protection, criminal responsibility and jurisdiction, and the protection of cultural property in armed conflicts not of an international character are addressed. Some country-specific studies are included. It is hoped that this publication will inspire States to accede to the Protocol and that it will serve as a source of inspiration to legal advisers, military personnel and cultural property experts.
