Sommario/riassunto	The application of construction dispute procedures has changed dramatically in the last decade. This has resulted in an increased use of Alternative Dispute Resolution in many countries, and mediation in particular. Construction is one of the major industries using mediation, in the UK and in many other countries such as the US, China, Australia and New Zealand. This expansion in mediation has been helped by

encouragement from governments, although it takes diverse forms in different legal jurisdictions, for example: court rules to encourage this use (as in the US and UK); the courts' own m
