Nota di contenuto	Cultures of water governance -- White privilege and the canadian state -- Common sense water reform -- The neoliberalism of nature -- Reproducing the racial formation -- Re-investing in whiteness -- The science of neoliberal racism.
Sommario/riassunto	Where the Waters Divide is one of the few book length studies that analyze contemporary forms of racism and white privilege in Canadian society. The book argues that neoliberalism represents a key moment in time for the racial formation in Canada, one that functions not through overt forms of state sanctioned racism, as in the past, but via the morality of the marketplace and the primacy of individual solutions to modern environmental and social problems.
