Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Introduction : legal, policy and research context -- Parenting before the children went into care -- Parents' experience of their children going into care -- Parents' experience of their children growing up in foster care -- Contact between parents and their children -- Parents' relationships with foster carers -- Parents' relationships with social workers -- Am I still a parent : managing a threatened identity -- Social workers' perspectives on their practice with parents -- Conclusion : developing social work practice.
Sommario/riassunto	For children growing up in foster care, the role of their birth parents is an important factor in the success of their long-term placements. Understanding the experiences of parents is therefore essential for social workers. This book set out a model of good practice, based on the experiences of these parents and social workers.

Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	"This book, co-published with the UN's Dept of Economic and Social Affairs, offers a critical appraisal of the conventional measures and analysis of poverty as well as of poverty reduction policies. Despite greater efforts in reducing poverty since the early 1980s, poverty remains stubbornly high in many parts of the world. This collection argues that the mainstream perspectives on poverty and deprivation have contributed to considerable distortion and misunderstanding and that is not unrelated to ineffectual policy perscriptions. In particular it highlights the World Bank's dollar-a-day measure of poverty and exposes the inadequacies of Bretton Woods-inspired poverty reduction programmes."--Bloomsbury Publishing.
