Sommario/riassunto	Although consultants influence the outcome of major endeavors in the fields of management, finance, government, and engineering, few attempts have been made to establish the tenets and techniques of consulting. In <i>Principles and Practices of Professional Consulting</i> , author Steven C. Stryker outlines the basic tools required of this critical skill. In doing so, he looks into the history of consulting, the consulting process itself, and the key practical skills and techniques that are needed for successful consulting. Case examples based on real-life situations aptly demonstrate the applicabilit

Sommario/riassunto	"What is center and periphery? How can centers and peripheries be recognized by their ontological and axiological features? How does the axiological saturation of a literary field condition aesthetics? How did these factors transform center-periphery relationships to the former metropolises of Romance literatures of the Americas and Africa? What are the consequences of various deperipheralization contexts and processes for poetics? Using theoretical sections and case studies, this book surveys and investigates the limits of globalization. Through explorations of the intercultural dynamics, the aesthetic contributions of former peripheries are examined in terms of the transformative nature of peripheries on centralities"--
