Nota di bibliografia Includes bibliographical references and index. Nota di contenuto The evolution of the hebrew and Israeli press -- The press and nationalism -- Radio in the state of Israel -- Television in Israel -- The internet's debut in Israel. Mass communication has long been recognized as an important Sommario/riassunto contributor to national identity and nation building. This book examines the relationship between media and nationalism in Israel, arguing that, in comparison to other countries, the Israeli case is unique. It explores the roots and evolution of newspapers, journalism, radio, television, and the debut of the Internet on both the cultural and the institutional levels, and examines milestones in the socio-political development of Hebrew and Israeli mass communication. In evaluating

the technological changes in the media, the book shows
