

1. Record Nr.	UNINA9910460161803321
Autore	Stafford T. Eric
Titolo	Significant changes to the wind load provisions of ASCE 7-10 [[electronic resource]] : an illustrated guide / / T. Eric Stafford
Pubbl/distr/stampa	Reston, Va., : American Society of Civil Engineers, c2010
ISBN	0-7844-7620-9
Descrizione fisica	1 online resource (126 p.)
Disciplina	624.1/75021873
Soggetti	Wind-pressure Buildings - Standards - United States Buildings - Aerodynamics Gust loads Structural engineering Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	pt. 1. Reorganization -- pt. 2. General requirements for determining wind loads -- pt. 3. Analytical methods for determining wind loads (MWFERS) -- pt. 4. Simplified methods for determining wind loads -- pt. 5. Components and cladding -- pt. 6. Other buildings and structures -- pt. 7. Wind tunnel testing.
